## How to Access Edureka Cloud Lab?

Step 1: To access Edureka Cloud Lab, go to your LMS and click on "**Go to Course**" under "**DevOps Certification Training**".

Step 2: Click on "**My Lab**" tab.

Step 3: Now click on "**Request My Lab**" button to begin your Lab access. The first time you request the lab access, it may take upto 24 hours.

Step 4: Click on "**Go to DevOps Lab**".

Step 5: Cick on "**Launch Lab**" and setting up your Lab could take a while. *Lab Control Panel* page will open on a separate tab.

Step 6: Once the lab is loaded, you can see a link for *Master Web Desktop* and *Slave Web Desktop* as shown below.

Step 7: To access *Master instance,* click on "**Master Web desktop**". A new tab will open where you can start practicing.
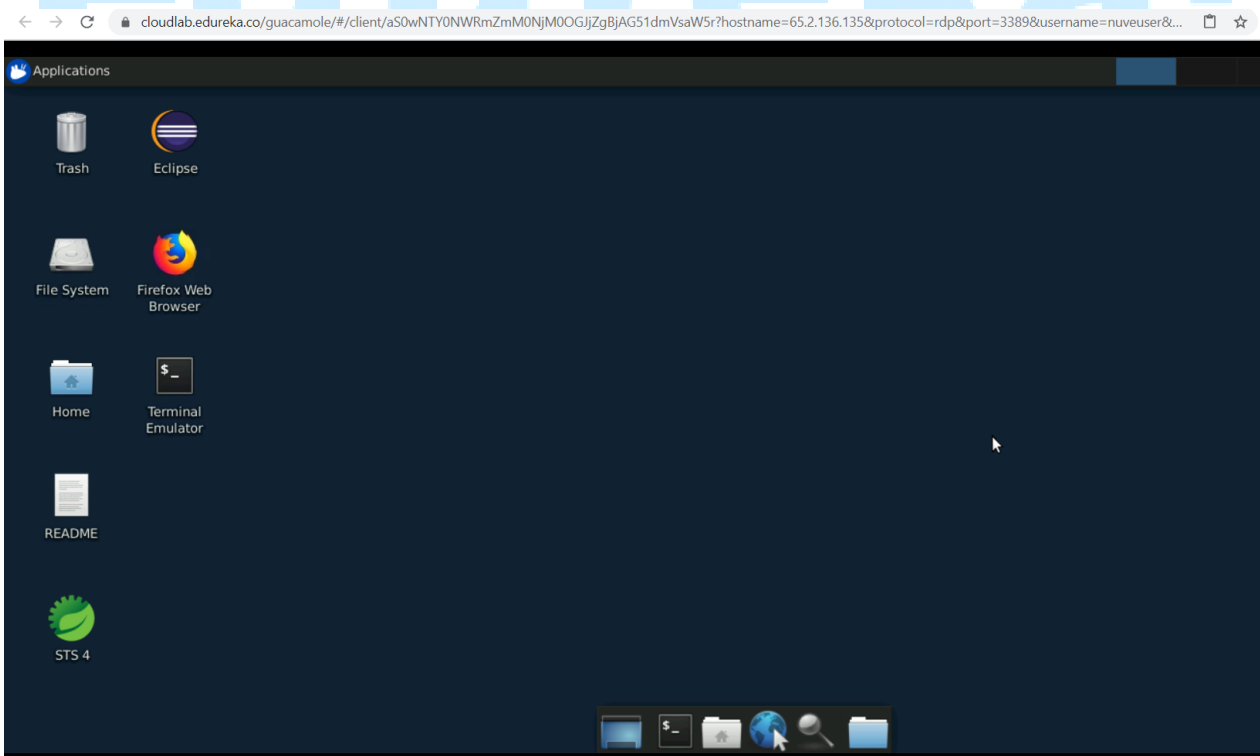

Step 8: Once you finish using the lab, it is mandatory to stop the instance by clicking on *Stop* button available in *Lab Control Pane* page.
